

Important Message

ACTION REQUIRED: It's time to install the new MCPTT app on your Android phone.

New Linc MCPTT enables access to more talk groups and contacts and lets users customize more app settings than ever before. Please proceed to download the Linc MCPTT app to your phone using the instructions below.

Follow these instructions to install the Linc MCPTT app.

If you want detailed step-by-step instructions use this link: [Google Play download and installation instructions](#)

1. Open **Play Store** from your phone and go to the search bar. Enter **Linc MCPTT** and touch the magnifier to begin a search.
2. Select **Linc MCPTT** from the results and touch **Install** on the App Information screen. Let the app download and install. **Open** the app and accept all permissions.
3. Remove the old PTT app - touch and hold the old **Linc PTT icon** then touch **Uninstall** from the menu that appears. The app will be removed from your phone.

Your installation is complete.
