

Linc LTE Tip Sheet

One Touch PTT

Learn:

One Touch PTT is a feature that allows the user to assign the PTT button on the Sonim device to call a specified PTT target when the PTT button is pressed in the following scenarios:

- While the screen is locked
- While the screen is asleep
- While the Linc PTT app is not open on the screen

The PTT button can be assigned to one of six options:

Option	PTT Target
Last Called (default)	The last PTT contact or talkgroup that was called
Selected Talkgroup	The Talkgroup currently highlighted in the PTT app
Foreground Only	Simply opens the Linc PTT app
Off	PTT button does nothing unless the PTT app is already open
Talkgroup	A specific talkgroup that the user selects
Contact	A specific private PTT contact that the user selects

One Touch PTT Use Cases:

Use Case	Use One Touch PTT to...
Perform work requiring gloves	Call assigned PTT target by simply pressing the PTT button without removing gloves
Quickly make a PTT call	Call assigned PTT target by simply pressing the PTT button
Quickly open the PTT app	Program PTT button to open the PTT app
Stay in contact with a workgroup on the fly	Program PTT button to call a specific talk group
Bypass contact search	Program PTT button to call the last contact or specific contact
Avoid wet screen issues	Call assigned PTT target by simply pressing the PTT button without touching the screen

Get:

To get the feature, your Sonim XP8/XP5s must have a later software version installed.

Update your device's software to the latest version by following these steps:

1. Connect to Wi-Fi
2. From the phone's **Settings** Menu go to **About Phone>Software Update** (if you do not see **About Phone**, then your device already has a later software version installed)
3. Select **Check for Updates** and then select **OK** when the update is found
4. Wait for the software download and software installation is complete (on XP5 select **Install** to begin installation)
5. Select **Reboot** (XP8 only), then **OK** to complete the update
6. On XP8, select **OK** to the **Update Complete message** once the phone powers up
7. Launch the Linc PTT applications and allow permissions and accept Terms of Use

Note: For more information on updating your software, visit the [Southern Linc Knowledge Center](#)

Use:

To set up your One Touch PTT target:

1. Open the Linc PTT app
2. Select "Settings"
3. Open "Default PTT Target"
4. Select the desired PTT target option

If a specific talkgroup or contact is selected as the target, a window will open for selection
